

Office of Research
and Economic Development

The University Information Security Office provides substantial guidance on appropriate procedures for protecting computer systems and data whether working on premises or remotely. To access their web page, look up "Information Security" in the Index on the main University web server, or use the direct link <https://www.southalabama.edu/departments/csc/informationsecurity/>

USA Health employees may also receive guidance from USA Health Information Technology and Information Security offices. Please use your normal IT contact procedures for further information.

Concerns regarding data management is overseen by the Office of Research and Economic Development.
