

Overview

The holiday season is nearing for many of us and soon millions of people will be looking to buy the perfect gifts. Many of us will shop online in search of great deals and to avoid noisy crowds. Unfortunately, cyber criminals will be active as well, creating fake shopping websites and using other tactics to scam people. In this newsletter, we explain how you can shop online safely and avoid becoming a victim.

Fake Online Stores

Cyber criminals create fake online stores that mimic the look of real sites or that use the names of well-known stores or brands.
